# 20 Year Warranty

## COMPANY VISION

### Enviornmentally Conscioius.

We use building materials comprised of recycled high density polyethylene which originated from milk jugs, plastic caps, and detergent bottles. Sustainability!

### Durable and Lasting Color.

We've got you covered! You can forget about yearly painting, staining and weatherproofing.

### Nuts and Bolts.

Delivering long lasting comfort! We use American sourced, marine grade 316 stainless hardware and sealing bearings.

# Additional Information

## Warranty.

Daze Decor's high-density polyethylene (HDPE) outdoor furniture carries a limited warranty against manufacturer defects in craftsmanship and materials for the period of twenty (20) years of residential use or five (5) years of commercial use from the date of original purchase. Ask your dealer for more details.

## Hardware.

Daze Decor furniture is built and assembled with marine grade stainless steel hardware as it is proven to be more resistant to seasonal and environmental corrosion.

## Lasting Color.

The main product used to construct Daze Decor furniture is HDPE or poly for short. We use post-consumer recycled #2 plastics that are melted down and extruded into planks. Pre-extrusion, the molten plastic is infused with UV inhibitors (and coloring) that goes all the way through the poly lumber and gives it an unmatched protection in extreme environmental conditions.

## Care and Maintenance.

For a quick clean or prior to guest arrival use a mixture of mild dish soap and warm water with a soft bristled brush. Be sure to rinse thoroughly.
